Description

Provide a short description of the event and its activities.

#### PROJECT SUMMARY:

The 'New European Paths from North to South' or 'newEUROPEwaysN2S' project sought to find a new narrative and paths for Europe, through debates and discussions between partners from the North and South of Europe, with gender-discriminatory participation and with a SPECIAL FOCUS ON THE ULTRAPERIFEROUS REGIONS, with a view to creating a more harmonious and democratic European future.

The project was set up by 16 organisations from 15 European countries - PORTUGAL, FRANCE, ITALY, ESTONIA, ROMANIA, SPAIN, POLAND, GREECE, LITHUANIA, CROATIA, HUNGARY, SLOVAKIA, BELGIUM, CYPRUS and CZECH REPUBLIC.

#### PROJECT OBJECTIVES:

1 - Reflect on the impact of the COVID-19 pandemic on local communities; Promote a sense of belonging to Europe by strengthening the debate on the future of Europe; Raise awareness of the richness of the cultural and linguistic environment in Europe; Combat disinformation and other forms of interference in democratic debate, empower citizens to make informed decisions by helping them to identify disinformation and promote media literacy, with the involvement of journalists; Raise awareness of the importance of strengthening the European integration process based on solidarity.

2 - Promote intersectoral cooperation, involving municipal bodies, libraries, schools, universities, youth centres and NGOs.

3 - Establish a network between partners from different EU countries, endeavouring to be as broad as possible.

#### PROJECT ACTIVITIES:

The project included 1 webinar held on 13 May 2023; and 5 international 'in Situ' events, held in Ribeira Grande (AZORES, Portugal) from 23-26 September - 2023; Saint Denis (ISLA REUNION-France) from 02-07 October - 2023; Sant' Alessio Siculo (Italy) from 01-04 May - 2024, Antwerp (BELGIUM) from 08-11 June - 2024 and Kelmes (Lithuania) from 06-09 September - 2024.

The meetings were planned with the organisation of conferences and public debates, dissemination and exchange of good practices, comparisons, round tables, case studies, permanent working groups and interactive workshops.

Throughout the project we had 508 direct participants and around 17,000 indirect participants.

#### PROJECT IMPACT:

The project had a strong impact on the different target groups involved, bringing them into contact with other cultures and other realities. It also provided the opportunity to debate relevant EU issues through the themes of the events.

#### PROJECT RESULTS:

With the project we saw an increase in the relational and organisational skills identified as fundamental to developing an awareness of EU rights and citizenship, as demonstrated by the topics covered in the 5 meetings.

We believe that the concrete realisation of the usefulness of the project's activities has helped to instil in the participating citizens a passion and interest for active participation in the democratic life of the European Union, and that these participants have developed an interest in and aptitude for a 'not local, but global' approach to the problems that have been worked on.

As far as the partner organisations are concerned, we believe that the initiative has contributed to increasing their capacity to manage CERV projects and plan policies relating to European rights and

citizenship.
